

Handcrafted Horse Racing Goggles

# Perfect Trip

## Goggle Collection

### A New Standard in Excellence

**Perfect Trip** handcrafts goggles to protect Jockeys eyes from dirt, dust, and wind during their **Perfect Trip** into the Winner's Circle.

**Perfect Trip's** goggles were developed by Jockeys themselves, addressing their leading concerns: comfort and full-peripheral vision. Each pair of goggles is made with the finest leather trim and stitching available, and incorporates a new, breathable design. Since each goggle is handmade, every pair is thoroughly inspected to ensure that our high quality standards are met every time.
